

Students Rap Schenley Sales

PHILADELPHIA (UPI)— The Student Nonviolent Coordinating Committee (SNCC) has called on the Pennsylvania Liquor Control Board to stop selling Schenley products.

The "Philadelphia Friends of SNCC" sent an "open letter" to the control board claiming Schenley refused to negotiate with Mexican and Philippine workers in California.

"Schenley has refused to negotiate with workers who, according to the California Department of Employment, have legitimate grievances," the letter said. "They have resorted to spraying these strikers with poisonous sulphur and other insecticides."
